Last Weeks Meeting – 19th September was transferred to Taree for the Science & Engineering Challenge Dinner 5 members attended. We all had an enjoyable night. We had to make a car that would propel down a race track. Our car mostly made by Brian Leggett from Wingham (I think we had a little nap) looked like a goer but on the track it ran out of fuel what a laugh. The guest speaker was Professor Fred an Astrophysicist from Newcastle University. He spoke about mathematics and all things come down to Math. He focused on the scanners and ray treatment for Prostate Cancer. A very interesting and short session followed by many questions.

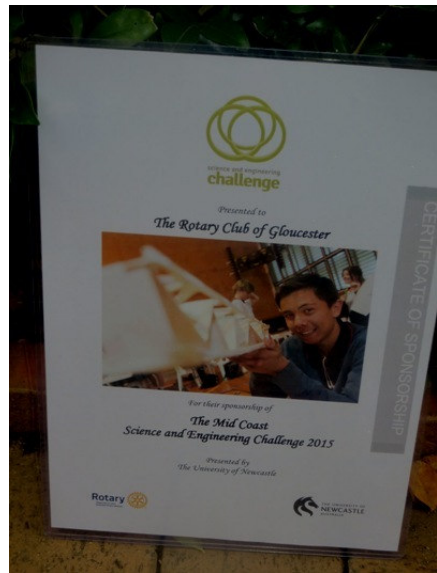

Brian Leggett with the car after the race this is the best place for it around the neck?

Just about to take off waiting for the other car to arrive.

Brian Leggett, John Read, Ashleigh Hickman, Grahame Stelzer & Valda Barron with the car.

The Rotary Club of Gloucester was presented with a certificate of Sponsorship which Grahame Received at Bees request.

Four Way Test

Of all the things we say and do:
 Is it the truth?
 Is it fair to all concerned?
 Will it build goodwill and friendship?
 Will it be beneficial to all concerned?
