.....
Rotary E-Club FAQ's. Each week I will include some facts.

What are the attributes of a successful Rotary e-clubs?

Successful Rotary e-clubs [pure e-club model or hybrid e-club model] have a number of common attributes including.

1. clarity of purpose
2. commitment to excellence
3. intelligent leadership
4. sound organizational planning
5. meaningful projects and activities

6. continuous contact with members
7. harmonious member interactions and fellowship
8. careful membership development
9. close engagement with the Rotary District
10. effective use of appropriate technologies.

Many Rotarian are surprised to see "technologies" as item 10 at the bottom of the list, rather than at the top. The most successful Rotary we-clubs knew from the beginning that technology is purely an enabler, nothing more.

What is a pure Rotary e-club?

A pure Rotary e-club conducts 100% of its Rotary business on the internet.

Typically, members may have one face-to-face dinner meeting per year usually at the RI Convention. Members are likely to come from a wide geographic area which may be global. Rotary service is undertaken in the community where a member lives, or groups of members collaborated and work together as a teams on service projects in needy communities where no member resides. Rotary E-Club One is a good example of a pure Rotary e-club.

[The above information I am transcribing from a fact sheet I picked up off a table at the RI Convention Friendship Room.]
