**R & D Technology 22<sup>nd</sup> April**

A very interesting night was had by all. Dallas Stokes' business is one three component manufacturing locations. They manufacture parts for the mining industry and are at the forefront in some of their designs. They have an extensive array of equipment as well as some to enable them to expand into plastic molding of parts. The Gloucester business provides employment for about 6 as well as a school based apprentice.

### Four Way Test

Of all the things we say and do:  
 Is it the truth?  
 Is it fair to all concerned?  
 Will it build goodwill and friendship?  
 Will it be beneficial to all concerned?
